

Our Mission

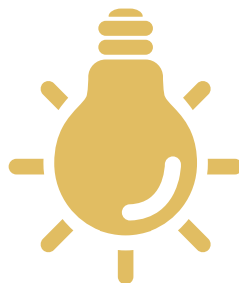

In Acts chapter two, we find the first description of the church in the days following its birth at Pentecost. It's an amazing passage that's filled with awe and wonder as it tells us of the church sharing in life together. It says that these new believers were continually with one another. They gathered daily in each other's homes sharing all that they had, eating meals together, selling property to care for one another's needs, studying the scriptures and worshipping God together. It's this incredible picture of a vibrant spiritual extended family.

At Meadowbrook, we believe that we have an opportunity to experience the exact same thing today.

Curious which group might be a good fit?
